

NaimUniti 2 All-in-one Player

Overview:

Imagine everything audio in one place: integrated amplifier, CD player, DAB/FM tuner, internet radio, iPod, iPhone and iPad dock, digital-to-analogue converter and high-resolution 24bit/192kHz capable network stream player. And now combine all that with legendary Naim musical quality, engineering integrity, design sophistication and interface know-how. Congratulations! You've just come up with the NaimUniti 2.

NaimUniti 2: an evolution in performance

NaimUniti was revitalised and relaunched as NaimUniti 2 in 2012. With a new 70W integrated amplifier (NaimUniti 50W) the NaimUniti 2 can accommodate a wider range of loudspeakers and fill even larger rooms with world class sound. It also boasts an entirely new CD player section, with improved tray, clamping mechanism and the new Burr Brown PCM1793 DAC.

Several small improvements to the design and signal path, developed through intensive listening tests, combine to raise the overall performance levels of NaimUniti 2 still further. It has also inherited the larger front panel display window of its big brother the SuperUniti.

- CD player
- Multi-format tuner (DAB/FM/Internet radio)
- High-resolution (up to 32bit/192kHz) digital stream player
- iPod/iPhone/iPad dock
- MP3/USB-stored audio player
- Digital to analogue converter
- 70W integrated amplifier

Features:

- High resolution (up to 32bit/192kHz) digital audio streamer
- Internet radio player with Naim vTuner webpage offering control of station listings
- FM & DAB Tuner

- Naim CD player with swing drawer CD tray
- Front panel USB port for MP3 and USB-stored audio playback
- iPod/iPhone/iPad playback, control, charging and front-panel screen content display
- Integrated amplifier with 5 analogue inputs
- On-board DAC with its five 32bit/192kHz-capable S/PDIF inputs plays WAV, MP3, Windows Media-formatted content, AAC, Apple Lossless, FLAC from any suitable UPnP device
- Network connectivity via WiFi or Ethernet
- Powered DIN input for use with Naim phono stage
- Headphone output
- 3.5mm front panel input

Specification:

AUDIO INPUTS

Analogue Inputs	1 x 3.5mm front-panel socket, 3 x RCA, 1 x DIN
Input Sensitivity	Rear: 275mV Front: 125mV
Digital Inputs	5 x S/PDIF (2 x optical, 2 x coaxial RCA, 1 x digital/analogue 3.5mm jack) USB Inputs 1 x front-panel socket (also used for iPod) UPnP™ Wired Ethernet (RJ45) or Wi-Fi
USB Inputs	Front panel socket
Antenna Inputs	Wi-Fi, F type (plus PAL adapter)
Tuning Range	FM 87.5 – 108MHz, DAB Band III and L Band

AUDIO OUTPUTS

Analogue Outputs	Speaker output, line output (L + R RCA), sub output (2 mono outputs via RCA), preamp output (4-pin DIN)
Line Outputs Variable (level)	775mV rms
Other Outputs	Headphone
Frequency Response	10Hz-20kHz, +0.1/-0.5dB
Signal To Noise Ratio (S/N ratio)	(S/N Ratio) 82dB A-WTD ref 1W 8 ?
Power Outputs	70W per channel into 8?

UPGRADES

Other	External power amplifier, Power-Line, WA5 antenna
-------	---

CONNECTIVITY

Infra Red	RC5
Remote Input	3.5mm jack on rear (RC5)
Network	Ethernet (Cat5), Wi-Fi
Rear USB	Updates only (rear panel USB mini-B)

FORMATS

CD Formats	Red Book
Disc Compatibility	CD, CD-R
Audio Formats Supported	WAV and AIFF (up to 32bit/192kHz) FLAC (up to 24bit/192kHz) Apple Lossless (up to 24bit/96kHz) Windows Media-formatted content (up to 16bit/48kHz) must be WMA 9.2 Internet Radio (Windows Media-formatted content, MP3, AAC, Ogg Vorbis streams and MMS) Play!
iRadio Service Provider	vTuner 5* full service

POWER

Power Consumption (maximum)	400VA
Mains Supply	100V, 115V, 230V; 50 or 60Hz

PRODUCT CERTIFICATIONS & LICENSES

Certifications	vTuner Premium
Licenses	MP3, AAC, DAB

PHYSICAL

Weight	11.7kg
Dimensions	87 x 432 x 314mm (H x W x D)

OTHER

Notes	User interface for iPhone and iTouch devices, downloadable from App Store
Languages	English, German, Italian, French, Spanish, Chinese, Dutch

Reviews

Here is a selection of reviews that have been written about this product.

Daily Mail-December 2012

"The Naim Uniti 2 all-in-one player tops them all. It's the best music system I've ever used."

Wired.co.uk-November 2012

"Marries stunning build quality and incredible attention to detail with a real passion for its work. The 'Jessica Ennis' of hi-fi."

What Hi-Fi? Sound & Vision-November 2012

"The new version will ensure the Uniti continues to lead the market the original created."

Stuff-November 2012

"...effortlessly combines detail with drive, ensuring that even modest MP3 and FLAC files sound good. Feed it 24-bit/192kHz tunes and you'll be in audio heaven."
